CUTIS®

Cutis is a monthly peer-reviewed journal referenced in Index Medicus/MEDLINE that provides concise clinical articles focusing on the practical side of dermatology. An educational resource for 52 years, dermatologists incorporate the diagnosis and treatment information presented in *Cutis* articles into patient care. Readers also become aware of new products and services through case reports, original research, quizzes (both clinical dermatology and dermatopathology), physician columns, and review articles. According to a recent survey,* 80% of respondents indicated that content from an indexed publication (Index Medicus/PubMed) is more credible than from a non-indexed publication. The *Cutis* website, www.mdedge.com/cutis, features an extensive archive of quality clinical content that provides readers with tools for point of care. Photo challenges are ranked most valuable by readers, followed by current issue contents.* Other sources of original content online include disease state pages, latest news, multimedia, and physician blog entries. Online content for residents to aid dermatologists in-training include monthly resident columns, fast facts for board review with practice questions, and quizzes. *Cutis* is partners with the Association of Military Dermatologists (AMD) whereby *Cutis* is the official journal of the organization. A quarterly Military Dermatology

column in the journal focuses on skin diseases that readers may see in their practices but an area in which AMD physicians have extensive expertise to share.
