PUBLISHER'S STATEMENT

*Cutis*® is a monthly peer-reviewed journal referenced in *Index Medicus/MEDLINE* that provides concise clinical articles focusing on the practical side of dermatology. An educational resource for 53 years, dermatologists incorporate the diagnosis and treatment information presented in *Cutis* articles into patient care. Readers also become aware of new products and services through case reports, original research, clinical pearls, quizzes (both clinical dermatology and dermatopathology), physician columns, and review articles. Our quizzes in print are now eligible for 1 Maintenance of Certification (MOC) self-assessment credit from the American Board of Dermatology, which aids readers in fulfilling the requirements that demonstrate their ongoing competency as certified dermatologists. According to a recent survey,* 72% of respondents indicated that content from an indexed publication (*Index Medicus/PubMed*) is more credible than from a non-indexed publication. The *Cutis* Web site features an extensive archive of quality clinical content that provides readers with tools for point of care. Image-based quizzes are ranked most valuable by readers, followed by current issue contents.* Other sources of original content online include disease state pages, latest news, and multimedia including procedural videos. Online content for residents to aid dermatologists in-training include monthly resident columns, fast facts for board review with practice questions, the Top 10 Fellow and Resident Grant winning entries from Cosmetic Surgery Forum, and quizzes.

*Cutis* is partners with the Association of Military Dermatologists (AMD), Skin of Color Society, and Cosmetic Surgery Forum. A quarterly Military Dermatology column focuses on skin diseases that readers may see in their practices but an area in which AMD physicians have extensive expertise to share. The Skin of Color column also is published quarterly and provides valuable information to help care for the hair, skin, and nails of this underserved population. Resident Highlights from Cosmetic Surgery Forum are published online only.

RATES & DISCOUNTS

Effective Date: January 1, 2018

- **AGENCY COMMISSION**: Fifteen percent of gross billing on space, color, cover, and preferred position charges. Withdrawn on accounts not paid within 30 days of invoice date. A finance charge of 1.5% per month will be applied to all past-due invoices.

- Rates subject to change with 90 days’ notice: Contracts accepted with the understanding that rates will be guaranteed for 3 months beyond last issue closed. In the event of a rate increase, contracts may be terminated without penalty of short rate.

Discount Programs

- **EARNED FREQUENCY**: Rate is determined by the number of units within a 12-month period (calendar or fiscal). A unit is a page or fraction of a page (e.g. a spread counts as 2 units; a king page or fraction counts as a page). Each page of an insert counts as a unit. Each demographic/regional/split page counts as a unit. Insertions of parent companies and subsidiaries are combined to determine the earned rate. Co-marketed products may select the earned frequency discount of either company.

- **CORPORATE DISCOUNT**: Corporate manufacturers and their subsidiaries will receive a discount on advertising purchased from Frontline Medical Communications (FMC) in 2018. Full year 2017 NET spend with FMC will establish the minimum discount levels for all advertising purchased in 2018. All manufacturer promotional spend will be credited towards the corporate level, including, electronic and print advertising, reprints and programs (nonCME). Discounts will be applied to print advertising only purchased in regularly issued FMC professional publications. The FMC Corporate Discount is applied to the adjusted net cost after all other earned discounts have been applied (see Order of Print Ad Discounts). Spend levels and associated discounts are:

- **CORPORATE FREQUENCY DISCOUNT PROGRAM**: Earned frequencies are determined by the number of pages in all FMC publications to provide maximum frequency discounts to advertisers, regardless of size. When number of insertions is greater or less than indicated by contract, rates are adjusted accordingly. (The maximum frequency per publication varies and not all journals have the same frequency levels so earned frequency may vary by publication.)

- **COMBINATION BUYS AND MARKET DUOS**: Advertise the same product in the same month in any two or more FMC publications and receive a 7.5% discount. Advertise the same product in the same month in any TWO OR MORE FMC publications and receive a 7.5% discount off the earned rate in each publication (B&W and color). The PowerBuy™ and PowerBuy2™ discounts (see separate rates) supersede this program; additional discounts are not applied to these publications. PowerBuy™ (Family Practice News® + Internal Medicine News®) and PowerBuy2™ (The Journal of Family Practice® + Cleveland Clinic Journal of Medicine®) count as 1 publication. Except for PowerBuy™ and PowerBuy2™, combination discounts are applicable to full-run only.

Gain maximum specialty reach, duplicated and unduplicated, when you advertise the same product in the same month and surround your ad with the optimal blend of clinical and medical news content and receive a 7.5% discount off the earned rate (B&W and color) in each of these MarketDUOs published by FMC: The Journal of Family Practice®+Family Practice News®; Cutis®+ Dermatology News®; OBG Management®+Ob.Gyn. News®; Current Psychiatry®+Clinical Psychiatry News®. Full-run only.

Evaluate FMC cross market combinations by Media Group in Kantar’s MARS Medical System by selecting Combination Non-Duplicated. Combinations not currently programmed can be upon request.

Additional journal specific discounts/incentives (continuity or new business/launch, etc.) are available. Choose either the continuity program or the new business/launch program when using a combination buy. See Full Media Kits available at frontlinerates.com, Full-run only.
