Corporate Discount

Corporate manufacturers and their subsidiaries will receive a discount on advertising purchased from Frontline Medical Communications (FMC) in 2021. Full year 2020 Net spend with FMC will establish the minimum discount levels for all advertising purchased in 2021. All manufacturer promotional spend will be credited towards the corporate level, including electronic and print advertising, reprints and programs (non-CME). Discounts will be applied to print advertising only purchased in regularly issued FMC professional publications. The FMC Corporate Discount is applied to the adjusted net cost after all other earned discounts have been applied (see Order of Print Discounts). Spend levels and associated discounts are listed in the graphic on the right.

Earned Frequency

Rate is determined by the number of units within a 12-month period (calendar or fiscal). A unit is a page or fraction of a page (e.g., a spread counts as 2 units; a king page or fraction counts as a page). Each page of an insert counts as a unit. Each demographic/regional/split page counts as a unit. Insertions of parent companies and subsidiaries are combined to determine the earned rate. Co-marketed products may select the earned frequency discount of either company.

Corporate Frequency Discount Program

Earned frequencies are determined by the number of pages in all FMC publications to provide maximum frequency discounts to advertisers, regardless of size. When number of insertions is greater than or less than indicated by contract, rates are adjusted accordingly. (All FMC publications have the same frequency levels through the 240x. JFP, FPN and IMN extend to 396x.)

Combination Buys And Market Duos

Advertise the same product in the same month in any TWO OR MORE FMC publications and receive a 7.5% discount off the earned rate in each publication (B&W and color). The PowerBuy™ discount (see separate rates) supersedes this program; additional discounts are not applied to these publications. PowerBuy™ (Family Practice News® + Internal Medicine News®) counts as 1 publication. Except for PowerBuy™, combination discounts are applicable to full-run only.

The Hospitalist & Journal of Hospital Medicine (JHM) Combination Discount

Advertise the same product ad unit in the same month of The Hospitalist and receive a 25% discount off the earned rate in the Journal of Hospital Medicine. (B&W and color). NOTE: This 25% discount cannot be combined with any other discounts (except the earned frequency and corporate discounts).

Evaluate FMC cross market combinations by Media Group in Kantar’s MARS Medical System by selecting Combination Non-Duplicated. Combinations not currently programmed can be upon request. Discount only applicable on run of book and inserts. Discount not available for cover tips.

Additional journal specific discounts/incentives (continuity or new business/launch, etc.) are available (see next page). Choose either the continuity program or the new business/launch program when using a combination buy. See Full Integrated Media Kit and Rate Cards available at www.frontlinerates.com. Full-run only.

Prescribing Information (PI) Page Discounts:

Advertisers with more than two PI pages qualify for a 50% discount on the earned B&W rate for the 3rd and remaining PI pages.

Order of print ad discounts (As applicable)

REPRINTS / EPRINTS

Reprints are a basic necessity for medical meetings, conferences, and exhibit booths. They are a valuable tool for direct mail, press kits, sales force education, sales calls, leave behinds, new product launches, formulary kits, and much more. They are a welcome educational service to physicians, nurses, pharmacists, and other healthcare providers. Reprints/ePrints help your sales force speak to clinicians with knowledge and relevance.
