SPLIT RUNS
a. Specifications
1. Split runs can be either geographic (state or zip code) or demographic. If FMC matches supplied data, records must include Medical Education (M.E.) numbers.
2. Inserts and run-of-book (ROB) advertising units are accepted.
3. All split-run ROB advertising units must be the same size.
4. Split-run additional production charges are commissionable.
5. Split runs for a percentage of the circulation in any combination buy are calculated at the individual publication's rates.
6. The Publisher (FMC) reserves the right to circulate a targeted advertisement to an audience greater than the contracted demographic/targeted list, unless specifically noted on the insertion order.

b. Split-run Rates—Inserts
1. If utilizing less than 25% of the publication's circulation—rate is 50% of the full-run cost.
2. If utilizing 26-50% of the publication's circulation—rate is 60% of the full-run cost.
3. If utilizing 51% or more of the publication's circulation—rate is 100% of the full-run cost.
4. No production charges for inserts.

5. A 20% premium is required on ROB splits of 6 pages or more.

d. Discounts
Split-run advertisers do not qualify for combination, continuity, or new business/launch programs. Split-run insertions do count toward earned frequency and corporate discounts do apply.

BUSINESS REPLY CARDS (BRCS)
Business reply cards (BRCs) will be accepted on a space-available basis. Cost = Earned frequency rate of ROB island page + 20%. Please consult Production Department for specifications, as cards must be approved for compliance with bindery requirements (submit 5 samples or comp). Client is strongly advised to get approval of cards from the USPS Business Center.
FRONTLINE MEDICAL COMMUNICATIONS
CORPORATE DISCOUNT POLICIES & COMBINATION BUYS

CORPORATE DISCOUNT
Corporate manufacturers and their subsidiaries will receive a discount on advertising purchased from Frontline Medical Communications (FMC) in 2019. Full year 2018 NET spend with FMC will establish the minimum discount levels for all advertising purchased in 2019. All manufacturer promotional spend will be credited towards the corporate level, including electronic and print advertising, reprints and programs (nonCME). Discounts will be applied to print advertising only purchased in regularly issued FMC professional publications. The FMC Corporate Discount is applied to the adjusted net cost after all other earned discounts have been applied (see Order of Print Discounts). Spend levels and associated discounts are listed in the graphic on the right.

EARNED FREQUENCY
Rate is determined by the number of units within a 12-month period (calendar or fiscal). A unit is a page or fraction of a page (e.g. a spread counts as 2 units; a king page or fraction counts as a page). Each page of an insert counts as a unit. Each demographic/regional/split page counts as a unit. Insertions of parent companies and subsidiaries are combined to determine the earned rate. Co-marketed products may select the earned frequency discount of either company.

CORPORATE FREQUENCY DISCOUNT PROGRAM
Earned frequencies are determined by the number of pages in all FMC publications to provide maximum frequency discounts to advertisers, regardless of size. When number of insertions is greater or less than indicated by contract, rates are adjusted accordingly. (All FMC publications have the same frequency levels through the 240x. JFP, FPN, IMN, and CCJM extend to 396x.)

COMBINATION BUYS AND MARKET DUOS
Advertise the same product in the same month in any TWO OR MORE FMC publications and receive a 7.5% discount off the earned rate in each publication (B&W and color). The Power-Buy™ and PowerBuy2™ discounts (see separate rates) supersede this program; additional discounts are not applied to these publications. PowerBuy™ (Family Practice News® + Internal Medicine News®) and PowerBuy2™ (The Journal of Family Practice® + Cleveland Clinic Journal of Medicine®) count as 1 publication. Co-marketed products may select the earned frequency discount of either company.

Evaluate FMC cross market combinations by Media Group in Kantar’s MARS Medical System by selecting Combination Non-Duplicated. Combinations not currently programmed can be upon request.

Additional journal specific discounts/incentives (continuity or new business/launch, etc.) are available (see next page). Choose either the continuity program or the new business/launch program when using a combination buy. See Full Integrated Media Kit and Rate Cards available at frontlinerates.com.

PRESCRIBING INFORMATION (PI) PAGE DISCOUNTS:
Advertisers with more than two PI pages qualify for a 50% discount on the earned B&W rate for the 3rd and remaining PI pages.

ORDER OF PRINT AD DISCOUNTS (AS APPLICABLE)
1) Corporate earned frequency; 2) Journal Combination; 3) Journal list match; 4) New business or launch; 5) Journal continuity; 6) Corporate discount; 7) Agency discount.
