Frontline Medical Communications Inc. is one of the healthcare industry’s largest medical communications companies and a leader in digital, print, and live events. The Company leads in HCP-level targeting and is ranked 1st in combined web and print engagements. With MDedge™, our network of trusted brands and integrated web portal, custom solutions group, BPA-audited print/digital publications, and conferences group, FMC meets the marketing challenges of our clients with superior reach, optimal sponsorship opportunities, and multi-faceted, multi-channel advertising programs. We reach 1.2 million+ physicians, NPs, PAs, and key healthcare decision makers through more than 30 media brands serving 20 distinct markets. Print reach surpasses 740,000 HCPs and extends digitally, giving providers immediate content access through interactive websites and disease specific resource centers, podcasts, roundtables, newsletters, educational programs, and social media platforms. FMC delivers award-winning content daily including on-site conference coverage from major medical meetings, to content produced in collaboration with notable societies and opinion leaders. FMC produces live events, click-for-credit, and CME through affiliation with Global Academy for Medical Education, LLC (globalacademycme.com) and Hemedicus (hemedicus.com).

Our brands elevate your brand through true omnichannel engagement:

Disease state Resource Centers/Branded Web sites/Board Reviews: Customer centric, highly trafficked, mobile friendly websites provide HCPs with the very latest in practice, policy, and news affecting their specialty. Practice pearls; daily podcasts; KOL analyses, interviews, and commentaries; clinical guideline updates; and career information keep readers well-informed. Unique interactive features help HCPs test their knowledge and prepare for board certification. Advertisers gain innovative solutions for sponsorship.

- **MDedge Daily News Podcast:** A quick roundup of the day’s top medical news delivered every morning.
- **Postcall Podcast | Psychcast™ | Cardcast™:** Career and specialty specific news recaps on demand.
- **Conference Opportunities:** eNews, door drops, Product Theater Reporters reach attendees with your message before, during, and after meetings.
- **Board Review Programs:** disease and specialty specific reviews provide key learnings for board recertification.
- **Project Journey™:** A multifaceted exploration of a disease/condition and its impact on clinicians, patients and their families, research, therapy, and policy. Personal story telling and journalistic integrity at its best.
- **Video Roundtables/Webinars:** Virtual or in-person, scripted or pre-specified, KOL sessions/interviews.
- **Partnerships:** Valued partnerships with societies, advocacy groups, and medical associations, including AGA, AVAHO, CHEST, NORD, SFA, SHM among many others, enhance content offerings and extend reach.

MDedge Hematology & Oncology: Our extensive family of print and digital media brands and live events provide multi-channel opportunities to reach oncologists, hematologists, and clinicians allied to the field.

We offer the following advantages:

- **#1 and #2:** According to Kantar data, Frontline ranks #1 in combined web + print engagements—26.7 million annually—and #2 in web reach among physician-focused, ad supported media.
- **HCP Level Targeting/Data:** HCP targeting, engagement and performance evaluation from our unique, integrated database.
- **Respected Content and Deep Engagement Custom Programs:** Frontline delivers multidisciplinary learning experiences, educating your key targets with branded/unbranded messaging. As content experts with unrivaled HCP access and deep KOL relationships, Frontline creates relevant, compelling, integrated multichannel solutions that address your strategic brand imperatives. Our team of expert writers, designers, e-media techs, and program managers produce exceptional, custom educational programs fully compliant with the medical, legal, regulatory review process. We build custom patient education programs and resource centers too!

HEMATOLOGY / ONCOLOGY

MDedge | Hematology & Oncology

• MDedge Hematology & Oncology is a unique, robust, independent resource for physicians and other stakeholders involved in the cancer-care continuum.
• HCPs involved in evaluating and treating patients with cancer and blood related disorders have a single source of credible content from their trusted brands.
• The site offers an array of online advertising and sponsorship opportunities, including run-of-site and targeted advertising, e-newsletters, section and content sponsorships, video sponsorships, podcasts, and microsites.

• Hematology News is the tabloid publication that provides indispensable information relevant to the practice of hematology. Coverage of important clinical research at medical meetings and published in journals, with commentaries, puts advances in perspective, providing useful and relevant content of high interest to the practicing hematologist.
• Hematology News (HN), published monthly, was created in response to the wide acceptance of the HN website. Research has uncovered many unmet needs in hematology that are addressed in print and online (www.mdedge.com/hematology-oncology—part of the MDedge™ web portal), including specific medical news and commentary for specialty physicians.
• With a staff of experienced medical journalists, the HN brand goes beyond just important papers, opinion pieces, and meeting reports, to address more underlying controversies. It includes unique features and addresses the impact of trends in practice management and healthcare policy.

Brand Audit Reach* (Digital and Print): 64,537
Print Frequency: 12x
Contacts: Devin Gregorie, Angie Randazzo, Joshua Norton, Alison Paton, Frank Iorio

• HematologyTimes™—A recent addition to the Frontline family, HematologyTimes™, part of the MDedge™ web portal, is dedicated to reporting the latest discoveries in the field of hematology.
• Founded in 2007, HematologyTimes covers both benign and malignant diseases and related issues of interest to the practicing hematologist including coverage of international hematology meetings and news on studies published in leading industry journals. It is now accessible via www.mdedge.com/hematology-oncology along with Hematology News, OncologyPractice, Hematology-Oncology Board Review (formerly known as Hospital Physician® Hematology-Oncology Board Review Manual) and archives of JCSO, the Journal of Community and Supportive Oncology.
• HematologyTimes offers a continually updated listing of coming events, Media on Demand, Continuing Medical Education programs, and an interactive forum for article discussion. Physicians can also post their views, comments, and questions on HematologyTimes’s Facebook and Twitter pages. Concise, accurate reporting and daily updates make this website valuable for busy professionals.

Brand Reach (Digital): 7,350 (Google Analytics average unique monthly visitors Feb-July 2018, U.S. only)

The Hematology-Oncology Board Review (formerly known as Hospital Physician® Hematology-Oncology Board Review Manual) is a peer-reviewed, solution-driven digital publication offering clinical review articles on core topics in hematology and oncology for fellows and practicing physicians preparing for their initial board certification or maintenance of certification exams.

Emphasizing fundamental skills in the evaluation and treatment of patients with cancer and hematologic diseases, each article provides a concise review of essential facts and is accompanied by an interactive engagement self-assessment module.

Content development is under the editorial oversight of experienced academic physicians.

The Hematology-Oncology Board Review’s website, www.mdedge.com/hematology-oncology/board-review-questions, part of the MDedge™ web portal, features robust Case-Based Review/Clinical Review content along with convenient to use in-depth interactive Board Review Questions for an immediate and engaging learning experience.

Highly engaging board review and board recertification learning solutions keep hematology-oncology physicians who are continually preparing for their board certification and board recertification exams (maintenance of certification exam) prepared while maintaining a full practice.

Brand Reach (Digital): 55,284 (Google Analytics average unique monthly visitors Feb-July 2018, U.S. only)

MEDICAL DIRECTORS & PHARMACY DIRECTORS

MEDICAL DIRECTORS & PHARMACY DIRECTORS

Journal of Clinical Outcomes Management® (JCOM), a peer-reviewed, indexed journal and affiliated website, is in its 25th year of publication.

- JCOM is consistently rated the top ranked evidence-based managed care/payer journal in the marketplace for Readership**. As the first and only clinical outcomes application-to-practice journal, JCOM provides nearly 40,000 BPA-audited key managed care/payer formulary decision makers with evidence-based practical information for improving the quality and value of care.
- Healthcare’s move away from “fee for service” to “value-based service” is tied directly into improving patient outcomes through evidence-based/patient-centered improvement strategies. JCOM articles translate the evidence into practical information, helping managed care/payer decision makers improve the safety and cost-effectiveness of care.
- Key features include the case-based clinical review, which presents a critical review of the literature as well as how to apply the evidence to a specific patient case; original research; clinical reviews; Outcomes Research & Reviews.
- All features, including its highly valued improvement strategies and system innovations in the Reports from The Field series, appear in print and in a reader-friendly digital format online at www.mdedge.com/jcomjournal, part of the MDedge™ web portal.

**Neurology Reviews**

- Launched in 1993, Neurology Reviews is the first and original news source in neurology. Neurology Reviews (NR) has a 26-year history of providing independent, unbiased news to neurologists and clinicians interested in the neurosciences.
- NR covers medical conferences and clinical research findings, as well as specialty trends, expert opinions, and the breadth of influences affecting the practice of neurology. Experienced medical journalists deliver timely, relevant, and insightful news affecting the practice of neurology and all its subspecialties.
- In addition to the monthly print issue reaching over 25,000 neurologists and clinicians interested in neuroscience, NR is accessible online at www.mdedge.com/neurology, part of the MDedge™ web portal. The site features online ahead of print conference reporting, audio and video interviews, disease-specific microsites, self-assessment quizzes, supplements, sponsored educational programs, a calendar of relevant medical meetings, and a career center listing job openings around the country.
- The 5th annual Rare Neurological Disease Special Report, coinciding with Rare Disease Day, is developed through our valued partnership with NORD.
- NR provides its content in print, through an App, on a mobile-friendly website, in digital editions, and through targeted e-blasts.
- NR’s partnerships with numerous neurological associations (e.g., CMSC, CNF) extend reach to important audiences.

Current Psychiatry is the leading peer-reviewed source of practical, evidence-based information that is valued by psychiatric clinicians.

As the #1 A-size clinical review publication in both readers and exposures, and the #1 journal-affiliated site in the market in terms of unique monthly visitors**, Current Psychiatry reaches 44,746 office- and hospital-based psychiatrists and advanced practice clinicians with solutions to common clinical problems in daily practice.

Current Psychiatry offers a robust multichannel platform to advertisers that includes: online at www.mdedge.com/psychiatry, part of the MDedge™ web portal, live events, custom educational programs, and our partnership with Annals of Clinical Psychiatry, the official publication of the American Academy of Clinical Psychiatrists.

Annals of Clinical Psychiatry provides an international forum for exploring the etiology, diagnosis, and treatment of psychiatric disorders, publishing high-quality, peer-reviewed articles focused on advancing patient care, including original research, timely reviews, case reports, letters to the editor, and book reviews.

Annals is distributed to members of the American Academy of Clinical Psychiatrists quarterly in February, May, August, and November. Full-text articles are available online at www.aacp.com and via bonus distribution at the AACP's educational meetings and other psychiatric meetings.

Indexed with the National Library of Medicine, the journal has a 2015 impact factor of 1.583. Donald W. Black, MD, Professor of Psychiatry at the University of Iowa, is the Editor-in-Chief. Current and archived issues, benefits of membership, details regarding the AACP's annual meetings, and more information about the AACP is available at www.aacp.com.

HOSPITAL MEDICINE

The Hospitalist is the official newsmagazine of the Society of Hospital Medicine. Now in its 22nd year of publication, The Hospitalist reports on issues and trends in the practice of hospital medicine, reaching more than 33,000 hospitalists, physician assistants, nurse practitioners, residents, and medical administrators interested in the practice and business of hospital medicine.

The award-winning newsmagazine features a range of compelling articles in print and online including practical, evidence-based clinical reviews in subject matter areas most important to hospitalists; quality improvement initiatives and developments; research related to the clinical management of inpatients; regulatory and medico-legal issues; operational strategies for HM group leaders; coverage of domestic and international developments; and, profiles and interviews with hospital medicine leaders.

Articles are written by professional journalists, clinicians, and researchers in the field of hospital medicine. Each issue also includes opinions from a variety of industry leaders, including the Society of Hospital Medicine's board of directors, as well as experts in clinical care, practice management, and quality improvement.

Online, The Hospitalist publishes articles and information to its website daily, www.the-hospitalist.org/hospitalist. The Hospitalist also includes an extensive classified section featuring a comprehensive listing of job opportunities geared toward clinicians in hospital-based settings.

The Hospitalist is the best way for hospital-based clinicians to stay current, save time, and gain perspective.

• The Journal of Hospital Medicine (JHM) is the premier peer-reviewed, indexed (MEDLINE, PubMed, Scopus, and Embase) publication for the specialty of Hospital Medicine, dedicated to publishing evidence that transforms care of the hospitalized patient.
• JHM advances excellence in Hospital Medicine clinical care and research through the dissemination of studies, evidence-based clinical care updates and reviews, and rigorous evaluations of approaches to improve the quality, safety, and value of care for hospitalized adults and children. Broad areas of interest include:
  – Treatments for common inpatient conditions (such as pneumonia, COPD, sepsis, thromboembolism, or asthma);
  – Approaches to improving perioperative care and care for hospitalized patients with geriatric or pediatric vulnerabilities (such as mobility problems, or those with complex longitudinal care);
  – Evaluation of innovative health delivery system or educational models;
  – Approaches to improving the quality, safety, and value of healthcare across the acute and postacute continuum of care; and,
  – Evaluation of policy and payment changes that affect hospital and postacute care.
• JHM provides print, online only, and online-first content for more than 30,000 physicians and health care professionals involved in patient care, clinical decision making, teaching, academic research, and administration at institutions and hospitals around the world.
• HM Daily News is the official show daily newspaper of the Society of Hospital Medicine annual meeting. It has the important information needed for participants to make the most of their time at the meeting. In addition, there is a series of e-Newsletters delivered to the SHM database.
