Cutis®

Cutis® is a monthly peer-reviewed journal referenced in Index Medicus/MEDLINE that provides concise clinical articles focusing on the practical side of dermatology. An educational resource for 53 years, dermatologists incorporate the diagnosis and treatment information presented in Cutis articles into patient care. Readers also become aware of new products and services through case reports, original research, clinical pearls, quizzes (both clinical dermatology and dermatopathology), physician columns, and review articles. Our quizzes in print are now eligible for 1 Maintenance of Certification (MOC) self-assessment credit from the American Board of Dermatology, which aids readers in fulfilling the requirements that demonstrate their ongoing competency as certified dermatologists. According to a recent survey*, 72% of respondents indicated that content from an indexed publication (Index Medicus/PubMed) is more credible than from a non-indexed publication. The Cutis® website (www.mdedge.com/cutis, part of the MDedge™ web portal) features an extensive archive of quality clinical content that provides readers with tools for point of care. Image-based quizzes are ranked most valuable by readers, followed by current issue contents*. Other sources of original content online include disease state pages, latest news, and multimedia including procedural videos. Online content for residents to aid dermatologists in-training include monthly resident columns, fast facts for board review with practice questions, the Top 10 Fellow and Resident Grant winning entries from Cosmetic Surgery Forum, and quizzes. Cutis® is partners with the Association of Military Dermatologists (AMD), Skin of Color Society, and Cosmetic Surgery Forum through columns focusing on skin diseases in which AMD physicians have extensive expertise to share, and valuable information on the care of the hair, skin, and nails of underserved populations. Resident Highlights from Cosmetic Surgery Forum are published online only.

Journal of Clinical Outcomes Management®

Journal of Clinical Outcomes Management, JCOM, a peer-reviewed, indexed, journal and affiliated website, is in its 25th year of publication. JCOM is consistently rated the top ranked evidence-based managed care/payer journal in the marketplace for Readership*. As the first and only clinical outcomes application-to-practice journal, JCOM provides nearly 40,000 BPA-audited key managed care/payer formulary decision makers with evidence-based practical information for improving the quality and value of care. Healthcare has moved away from “fee for service” to “value-based service” which is tied directly into improving patient outcomes through evidence-based/patient-centered improvement strategies. JCOM articles translate the evidence into practical information, helping the managed care/payer decision makers to improve the safety and cost-effectiveness of care. A key feature is the case-based clinical review, which presents a critical review of the literature as well as how to apply the evidence to a specific patient case. The journal also publishes original research, clinical reviews, Outcomes Research & Reviews and reports on improvement strategies and system innovations in our Reports from The Field series in print and in a reader-friendly digital format online at www.mdedge.com/jcomjournal, part of the MDedge™ web portal.

JCSO (The Journal of Community and Supportive Oncology) is a web-based peer-reviewed journal (www.mdedge.com/jcso part of the MDedge™ web portal) featuring Research, Review, Case Report, and How We Do It articles in clinical oncology and supportive care. Its readership is comprised of highly engaged, practice-based medical and radiation oncologists, hematologists, supportive care specialists, nurses and physician assistants, and pharmacists—in other words, the entire oncology care team. JCSO is also published as a reader-friendly, bimonthly issue available as an app. Its in-depth content and its reach across the clinical and supportive spaces make it a uniquely positioned conduit for advertisers to reach their target audiences. A recent survey showed readers value the journal’s content, with almost 60% reporting that they incorporate information from the journal into patient care. 2017 Kantar Media data show JCSO users spend a mean of 15.9 minutes on the site per visit. JCSO is a sister site to Oncology Practice™ and Hematology News®, and combined, reach delivers complete market coverage to HCPs in team-based oncology care.
